

Jr. league allows the kids to have the course to themselves for 2 hours. I have them play in a variety of formats. The first session they play their own ball, the second session we play match play format, the third is a scramble format, and the last session we get some adults to play with the kids in a fun scramble format.

Jr. instruction covers many aspects of the game from full swing, putting and chipping, course etiquette, course management, and specialized shots.

Each session starts with demonstrations and then we spend the remaining time working on the lesson(s) for the day. This day is all about learning and they do not go out on the course to play.

Each session goes from 9 - 11 with a \$5 lunch following. The kids are usually done and ready to be picked up by 11:30 or so. They are free to stick around and practice/play on Mondays but we ask that they get picked up right away on Wednesdays since it gets incredibly busy with leagues.

The normal dates have been changed due to some scheduling needs so here they are for this year:
